

# 2008 Technical Skills Seminar Series

**WALP Lakewood Facility • 14800 Murray Rd SW, Bldg. 56 • Lakewood, WA**

Don't miss out on these technical skills seminars that are designed to assist you with the essential skills performed in the landscape industry, as well as provide Certified Landscape Technician candidates with valuable training to prepare for the CLT test on September 20 at Clover Park Technical College.

## Saturday, July 26

**9:00 - 11:30 am • CLT Written Test Overview**

*Find out what is expected and how to prepare to take the CLT-E written test.*

**12:30 - 3:30 pm • Landscape & Irrigation Plan Reading**

*Includes lessons on plan reading & measuring landscape materials.*

## Saturday, August 2

**9:00 am - 3:30 pm • Irrigation Intensive**

*Participants will learn more about irrigation valve maintenance and repairs, as well as find out how components of irrigation systems work.*

## Saturday, August 23

**9:00 am - Noon • Fertilizers**

*Learn about the use & application of fertilizers.*

**1:00 - 4:00 pm • Plant ID**

*Find out more about the major plant identification characteristics for plants listed on the certification test.*

## Saturday, September 13

**9:00 am - Noon • Laser & Survey Instrument**

*Includes lessons on reading survey rods & calculating cut or fill required.*

**1:00 - 4:00 pm • Paver Installation**

*Instruction on preparing a site and cutting and laying pavers.*
