

JOIN US for our General Sessions on January 11 & 12, 2019!

You will learn about **4 PRINCIPLES** from David Rohlander.

The **core** of this WALP presentation is specific strategies and tactics you can use in the business environment. Principles and theories will be mentioned but the application of specific strategies and tactics will be the focus. *You will learn exactly how you must behave as a leader to be impactful.* You will be able to identify the various types of leadership and why, when and how they are effective. *You will walk away with a clear image of why you believe what you do, how to implement a leadership strategy and how to get the maximum results.*

STRATEGIES FOR EFFECTIVE LEADERSHIP

lead·er·ship, n.

1. Ability to influence attitudes and behaviors
2. Willingness to commit to achieving results
3. Passion to guide, direct and coach

Have you discovered the missing links that separate the average executive from the highest achievers?

Are you ready, willing and able to grow?

Learn the knowledge, attitudes, skills and behaviors necessary to become an exceptional leader.

Strategies for Effective Leadership is a proven process to help you improve your leadership. The focus is on **getting you results**. The core requirements of excellent leadership are straightforward and actually very simple, *yet why is it so many people struggle to figure out how to lead?* The reason is they have not defined, committed to, and determined how to consistently apply the principles of being a leader. **David will give you** the clarity, definition, and practical methods you need to become and achieve the mission of being a quality leader.
