RECRUIT AND DEVELOP TALENT THROUGH THE LANDSCAPE MANAGEMENT APPRENTICESHIP PROGRAM

Companies that offer apprenticeship programs have a competitive edge in hiring over those businesses that don't.

They're a proven solution for recruiting, training, and retaining entry level employees. In addition, to help in attracting employees, companies that offer apprenticeships will have a better trained and more loyal workforce.

The Landscape Management Apprenticeship Program focuses on the skills needed

by a landscape technician in maintenance, installation, and irrigation.

It includes 2,000 of on-the-job training, a minimum of 144 hours of classroom training or online equivalent, the Online Technician Training available through NALP fulfills this requirement.

To find out more and enroll in the program, visit Landscapeapprenticeship.org

Welcome to the 2020 Membership Directory

*John Murphy, JM Landscaping and Irrigation
2020 WALP State President*

As I sat down to compose this year's Presidents Message for our annual 2020-2021 Membership Directory, where do I start? This has been a year no one expected.

For myself, I had lots of work lined up and then the COVID-19 pandemic hit and we were all shut down for over a month. This has hurt everyone in the world, our country and our communities. We are all trying to catch up and we're working like crazy to meet our goals for this year. I know it's been challenging with all the city, county, state and federal restrictions which have affected our families, our businesses and our customers, but on a positive note, we are back to work.

WALP has been hit extremely hard not being able to do our normal activities. We are working to get back to that! When, I am not sure, but we will. We all need to remember what WALP has done for us in the past and that WALP will be there in the future. We are all in this together and need to support each other and stick this out.

The WALP staff continues to work behind the scenes to help us navigate our programs. While in-person chapter meetings have been interrupted, WALP is still working to provide new ways to communicate with ZOOM Board meetings and chapter activities.

We have also worked hard to keep you informed of all the changes, rules and guidelines affecting our industry. Please keep reading the posted information on the WALP website and in the WALP Wednesday email newsletter.

With our last Board of Directors Meeting, we approved a change to our Membership Dues. We are switching to an annual renewal date beginning on August 1, 2020. If you have already renewed this year (*thank you!*), and for those whose dues are usually due later this year, you will receive a pro-rated invoice to move everyone into this new August 1st date. You will also have the option for reoccurring monthly or quarterly payments.

The WALP Board made these decisions to simplify the renewal and payment process, but also to bolster our membership retention in the summer. Please contact me or the WALP office if you have any questions.

In closing, I hope you and your families and employees are healthy, safe, and working. Hopefully, this health pandemic will end soon and we will be able to gather at our WALP functions and association activities. Until then, be safe and strong.

Mission Statement For The Washington Association Of Landscape Professionals

To promote professionalism, integrity, and education to a thriving membership within the Green Industry and the communities served.

Vision Statement For The Washington Association Of Landscape Professionals

- The Washington Association of Landscape Professionals is a publicly recognized and unified industry of landscape professionals who embody business and technical excellence.
- The Washington Association of Landscape Professionals provides and promotes the opportunity to mentor and support its members.
- The Washington Association of Landscape Professionals' members receive value and benefit by sharing knowledge, resources, and experience.
- The Washington Association of Landscape Professionals is the networking place and referral resource for "Green Industry" professionals.

Is your company Award winning? The NW Premier Landscape Awards Program recognizes WALP members' outstanding performance; fosters personal and company pride in superior workmanship; publicizes the Association and Industry; and encourages future business for WALP members. There are three levels of awards chosen by the judges: Award of Merit; Award of Distinction; and Grand Award.

Summer is the ideal time to think about which projects your firm would like to enter. Plants are lush and flowering and will photograph well. Projects are judged from entry photos, so it's important to capture projects at the right time.

The 2020 NW Premier Landscape Award Winners are displayed in this issue. Be sure to enter and you could be featured in an upcoming issue of NWLP! For more information or to find out how your firm can submit an entry, go to our website: www.walp.org/awards-program. Submission dates will be announced soon.

Washington Association of Landscape Professionals Code of Ethics

WALP's Code of Ethics describes the principles of conduct we, as professionals, embrace for the betterment of our trade, the integrity of the profession and in the best interests of the Public Trust.

WALP's Code of Ethics speak clearly of our members active support of those principles that exemplify business and technical excellence making our trade the embodiment of integrity, knowledge and fairness for our clients, customers, and employees.

As WALP members we are dedicated and have a responsibility to:

- Conduct business in a professional manner.
- Practice honesty in advertising, proposals, and representation of capabilities.
- Provide information based on honest, scientific, accurate, and factual knowledge.
- Operate in an environmentally safe manner.
- Adhere to all contractual obligations in essence and spirit.
- Perform work or supply goods according to accepted industry standards and/or specifications written in the contract,
- Deal fairly with subcontractors and suppliers. Recognize the importance of a strong relationship with vendors (suppliers, manufacturers, distributors, and business service providers).
- Follow all vendor directions and recommendations for products, chemicals, and equipment. Vendors must report product testing and use results accurately.
- Abide by all laws and regulations affecting our industry and support the enforcement of these laws.
- Adhere to the by-laws of the association.
- Avoid and condemn practices which tend to discredit the industry.
- Avoid making unfounded statements, which, in any way, might injure the professional reputation of another.
- Provide constructive professional criticism when necessary to ensure the continued quality of goods and services.
- Strive to participate in continuing education to improve professional knowledge and skills and keep abreast of new developments in the industry.
- Strive to attain certification.
- Encourage education and research within the horticultural field.
- Respect colleagues and the endeavors of colleagues.
- Encourage equal opportunities for all people in education and employment without regard to race, color, creed, or national origin.
- Attract to the profession those who possess a high degree of honesty, courtesy, integrity and competence.
- Use sound professional management practices and encourage employees to respond to their peers in a respectful manner.
- Develop, promote, and reinforce good safety practices throughout all phases of operations.
- Offer employees a fair and safe working environment, educational possibilities, and career opportunities.
- Promote the standards set forth in this Code of Ethics to all customers, nonmember industry representatives, suppliers, and fellow lawn and landscape companies.

2020 Washington Association of Landscape Professionals Award Winners

The Washington Association of Landscape Professionals is pleased to announce its Annual Landscape Awards Winners– recognizing landscape contractors, architects, designers, suppliers, and project owners who have joined in producing landscapes of notable merit. The 2020 WALP Awards were presented on January 23 at the Northwest Landscape Industry Conference in Lynnwood, WA.

The purpose of the program is to recognize outstanding performance by Washington Association of Landscape Professionals (WALP) members; foster personal and company pride in superior workmanship; publicize the Association and Industry, and encourage future business for WALP members.
